

INVITATION LETTER

We are pleased to invite Professor Ljubisa Bojic, from the University of Belgrade (Serbia), to do a Staff Teaching mobility at the University of Beira Interior, from June 17th until June 21st, 2024.

Considering his area of specialization, as well as the collaborative work that has been carried out between colleagues in the scope of the Cost Action OPINION (<https://www.cost.eu/actions/CA21129/>), I believe that this mobility will have a significant impact on institutional cooperation between the two institutions and our students.

During the stay, Professor Ljubisa Bojic will be welcome to deliver lectures to the Bachelor/Master Students in Political Science and will have a series of meetings and visits to the Communication, Philosophy and Politics Department. At the same time, he will be taking part as a lecturer in the "Communication and Power" intensive course at UBI, which brings together several students from partner universities.

We look forward to welcoming you and trust that both institutions will benefit substantially from your time at our University.

Covilhã and UBI, 25/01/2024

The Erasmus Coordinator and Course Director
