

September 11, 2025

Dear Professor Ljubisa Bojic,

On behalf of the Beijing Forum Academic Committee, I am delighted and honored to invite you to attend Beijing Forum 2025, which will be held in Beijing from November 7 to November 9 this year. Beijing Forum is a prestigious academic platform with a global influence and is co-hosted by Peking University, Beijing Municipal Commission of Education, and the Chey Institute for Advanced Studies.

Since its founding in 2004, Beijing Forum has been dedicated to the overarching theme of "The Harmony of Civilizations and Prosperity for All." Each year, it serves as a global platform for dialogue across cultures, disciplines, and sectors. This year's theme, "Civilizational Coexistence in the Age of Digital Intelligence," addresses the profound transformations brought about by digital and intelligent technologies. The Forum will engage with questions such as how we may integrate technological innovation with cultural vitality, and how digital tools might foster mutual understanding and global cooperation in an age of rapid change. In this spirit, we sincerely hope you will join us in exploring how civilizations may coexist and flourish in our increasingly intelligent and interconnected world.

The Forum will include fourteen panel sessions. We are inviting you to present on Panel Session "Global Governance in the Era of Artificial Intelligence: Challenges and Opportunities". Beijing Forum (2025) will cover your accommodation during the conference plus a round-trip economy-class air ticket. Please refer to the attachments for specifics and kindly confirm your acceptance at your earliest convenience. We sincerely hope that you will accept this invitation. Your contributions to the event will undoubtedly leave an important mark on the Forum and ensure its continued success.

Sincerely yours,

Gong Qihuang

President of Peking University
